

Step 2 Supported Living Services in Bristol

“Supported Independence provides a very effective service to clients with complex needs”

Team Manager,
Social Services

We offer a wide variety of supported living services for individuals with:

- Mental health problems
- Learning difficulties
- Dual diagnosis
- Challenging behaviour
- Autism / asperger syndrome
- Complex needs
- Brain injury
- drug and alcohol

By giving our clients the right type of ‘needs led’ service at the right time our aim is to enable individuals to:

- Manage and improve their mental health
- Become more confident in themselves and Within the community
- Develop a wide range of independent skills
- Require less support
- Have the opportunity to manage their own Tenancy (see Step 3 - Outreach Services)

All our accommodation-based services offer a ‘basic package’ of support plus an agreed package of one-to-one support to meet their individual needs. The basic support package includes:

- Manager available Monday to Friday 8am - 6pm
- 4 hours of general support each evening Which includes support with cooking, medication and socialising.
- A 24 hour emergency on-call service

In addition, we also provide **sleep-in staff** at our supported living services Chester House, Kingscourt, Kelly House, St Marks Church House and Westbury House.

Each client is encouraged to achieve their own agreed level of personal independence, with support decreasing over time. To support this specialist services we have a dedicated, experienced and well trained staff teams who are committed to ensuring quality service provision. All service users can benefit from a wide range of social and educational activities. Please see our main service brochure.
